SHOREHAM SPORTS

In the Yale pool in the National Inter-collegiate Swimming Meet in 1932, a young diver stood on the spring board, hands at his sides.

The big crowd was utterly silent as the diver stepped forward. Three steps he took then a high step that brought him down, feet together, on the end of the spring board. His body soared into the air, and as it approached the top of its arc, bent at the waist line to a jack-knife position. Like a whirling flash of light, the body did two forward somersaults, the toes pointed all the time. As the head came around on the second turn, the body opened out at the waist and the arms swung extended. As straight as an arrow it clove the water. The splashing ripples closed over the pointed toes. A sigh rose from the audience, then a burst of applause.

Five judges in different parts of the pool held up cards. Every card bore the big black figure 10. In diving, 10 means perfect. Dick Degener of the University of Michigan, national high and low board fancy diving champion, is the first diver in history ever to receive five tens in a meet. He had earned it on the difficult forward two and one-half somersault, under the critical observation of judges who viewed him from five different angles.

The reason for telling the above is because one young promising diver at the last Shoreham Club meet asked if any diver ever received ten points from all judges.

Shoreham Club has several promising divers in both girls and boys - such as Ann Waters, Jim O'Brien, Tom Hughes and others equally promising.

"The hardest dive for me to perform consistently," most champions will tell you, "is the plain front." For perfection in this dive, the body must carry itself into the air and the feet must rise above the head.

LOOKING AHEAD IN SHOREHAM

What next? A fast modern stream lined train making Manorville from New York in less than an hour, or a seaplane service to land us at the foot of Wall Street in less than a half hour. This is not impractical even today. Business men are now commuting daily by seaplane from Locust Valley to the foot of Wall Street in nineteen minutes. Others are commuting by seaplane from Southampton, much farther away than Shoreham. What effect will this have on property values and home life? Shoreham with its beautiful natural scenery and rolling hilly country may become the Locust Valley of Suffolk County.

Close to Shoreham are several of the high points of Long Island - over 300 feet above sea level. With commuting possible it will make Shoreham more of an all year round place. Fortunately, Shoreham has always been guided in its plan by far seeing business men who at the same time have tried to preserve its natural beauty as when it was originally occupied by the Setauket Tribe of Indians. Shoreham has much to offer. The Long Island Sound is about 27 miles wide at Shoreham. About 10 miles away is Port Jefferson Harbor, one of the finest harbors on Long Island for anyone interested in boating. The United States Atlantic Fleet spent much of its time in Port Jefferson Harbor during the last war, ready for any emergency. Within a half hour by motor from Shoreham are the Hamptons and the Atlantic Ocean.

In addition to quick transportation, the new economic plan of building and furnishing the most modern of houses at low cost will favor Shoreham in the near future. These houses also will be bought on the installment basis, like motor cars, and will be air conditioned and insulated against heat and cold. Who knows just how much all this may mean to Shoreham in the future.

Heretofore, dues have been as high as \$100. a year - and only recently \$55. a year. The club is trying an experiment of \$10. a year for family membership based on all desirable families becoming members. Each present member can help the club and himself by securing another member so that the low dues may be maintained if possible. Look over the list of Paid Members and if there is a neighbor or friend not on this list, get his membership immediately.

SHOREHAM GARDEN CLUB LECTURE

The outstanding event on the program of the Shoreham Garden Club for this season, was the lecture on European Gardens delivered by Loutrel W. Briggs at the Shoreham Country Club last Saturday evening. The lecture was presented through the generosity of Mrs. Arthur J. Sackett.

Mr. Briggs showed numerous beautiful colored lantern slides of the gardens of Italy, France and England. His lecture was built around actual experiences and observations made while taking a group of his students among these gardens. He showed in his talk a complete knowledge of his subject. He held his listeners fascinated by his clear descriptions of the why and wherefore of the different designs of the gardens shown and by his occasional advice to garden builders. He began by tracing the history of the garden down through the ages, and finally summed up his lecture by contrasting the very formal clipped gardens of France with the characteristic dramatic quality of Italy's gardens and England's truly informal, beautiful riot of color.

A large audience attended this delightful lecture and a great many expressed the hope that Mr. Briggs may be heard again in Shoreham.

The Garden Club meets next at the home of Mrs. F. W. Gridley, July 31 at 8 P. M. A card party has been arranged for that evening for the benefit of the Club treasury.

ENGAGED !

The engagement of Miss Harriet MacKinnon to Mr. Drayton Belknap was announced last Sunday. The wedding will be held shortly and many parties will be held in their honor. Among these will be a kitchen shower to be given by Mrs. Mervin G. Pallister on Saturday. After the wedding the bride and groom will go away for a two weeks cruise on the "Drayton". They plan to return to Shoreham for the remainder of the summer.

BOY RESCUED NEAR SILLS ROCK

A boy from Wildwood Park was rescued from drowning last week when the small kyak in which he was sailing capsized off Sils Rock. He was returning from a trip to Sound Beach accompanied by a fellow canoeist. He was rescued by two boys from Rocky Point and his kyak was towed ashore by some young men from Shoreham. After the boat was towed ashore and emptied the boys continued on their way to Wildwood Park.

FLASH, FLASH, FLASH

By "Walter Twitchell"

To the Editor:

REASON

Answering, "Are we men, or are we sis-
sies?" Primarily the Shoreham Club is a
place of relaxation and amusement. It is
a place to take your children, sister,
sweetheart or mother and not feel ashamed
of anything they may see there. The orches-
tra hired specify one o'clock in the morn-
ing as the closing time. So far, in each
case, the time has been extended to one-
thirty. Through unpleasant experience the
Club has learned that after a certain time,
around one o'clock, certain individuals
become noisy or perform feats of strength,
to the danger of all, which in their more
serious moments they would never think of
doing. Strangely, a survey of things ob-
jectionable to the average Club member is
not caused by a member, as a rule, but by
a guest or gate crusher. The Shoreham Club
is for the best enjoyment of the greatest
number, young and old. Surrounding the
club house are the homes of some of our
best friends, who, if they wished to, could
stop the Club at an earlier hour as a pub-
lic nuisance. If anyone has any pep left
after one-thirty within a few minutes away
are road-houses that are always open to re-
ceive the weary wee hour stragglers. There
is not a Club member that we know of that
is not anxious and proud to make his club
a desirable place to bring his guest.
Let's keep up the high standard of the
original organizers of the Club.

The "Blue-noses"

The most spectacular race last Saturday
was a race against time by Mr. Harry F.
Hughes; Time won. The crowd, Mr. Rufus E.
McGahan, cheered him to the finish. He
made it in fifty-three seconds. That's not
counting the minutes.

Miss Janet C. Waters is still holding
court, only just now it's in the hospital.
