## THE POTATO

From one end of Long Island to the other at this time of year, may be seen the potato plant in bloom, with its white or purplish flower. Potatoes do best in well drained sandy loam which is one reason why Long Island potatoes are so excellent.

When Pizarro conquered Peru seeking gold, he found the natives in the neighborhood of Quito, cultivating and eating tubers from which our ordinary potatoes are descended. They carried back some of these to Spain, and knowledge of the potato spread to Italy, Holland and other countries. In 1563 the English sea captain, John Hawkins, brought the first specimens from South America to England. Twenty years later Sir Walter Raleigh brought back some tubers which he showed to Queen Elizabeth and later planted on his estate in Ireland, from which the Irish potato dates its ancestry.

Today the potato crop of the world exceeds in value that of all the gold and silver mined yearly.

The potato as developed by cultivation, is one of the most prolific of food plants, producing more food per acre than any other crop.

About one-seventh of the food used by the average American or Canadian family consists of potatoes in one form or another, baked, boiled or roasted. With meat it helps to make a well balanced diet.

In quality of product and yield per acre Aroostook County, Maine is the banner section of the United States and has grown all the seed potatoes for the entire eastern states. Florida and California are expanding fast in growing early potatoes for northern markets.

In a normal year in the United States production of the different potato states

## LONG ISLAND'S TRICENTENARY CRUISE

On Monday next, July 13th, Long Island's Tricentenary Cruise is due to pass here and the editors advise all who can to spend the early forenoon on the beach.

The cruise, which is one of the many activities scheduled to mark the three hundredth anniversary of the Island, and will be unique, not only because of the length and duration of the course, but because more than two hundred and fifty yacht clubs along the coast from New Jersey to Maine have been invited to send participating cruisers.

The cruise starts to-morrow, July 11th from Manhasset Bay. The first day's run will be to Northport, where Saturday night will be spent, and on Sunday the cruise will continue to Port Jefferson. Leaving the Port Monday morning cruise officials have allowed two days for the run to Greenport. Skippers that wish to may put into Mattituck Inlet which was recently dredged. Wednesday night will find the cruisers in Sag Harbor, Thursday at Westhampton Beach, Friday at Patchogue and the cruise will end when the fleet arrives at Amityville on Saturday next.

It is expected that several hundred boats will start on the cruise, which will be convoyed by six Coast Guard craft. Historic pageants have been arranged at most of the stopping points, and the navy destroyer Kane has been ordered to Greenport to greet the fleet.

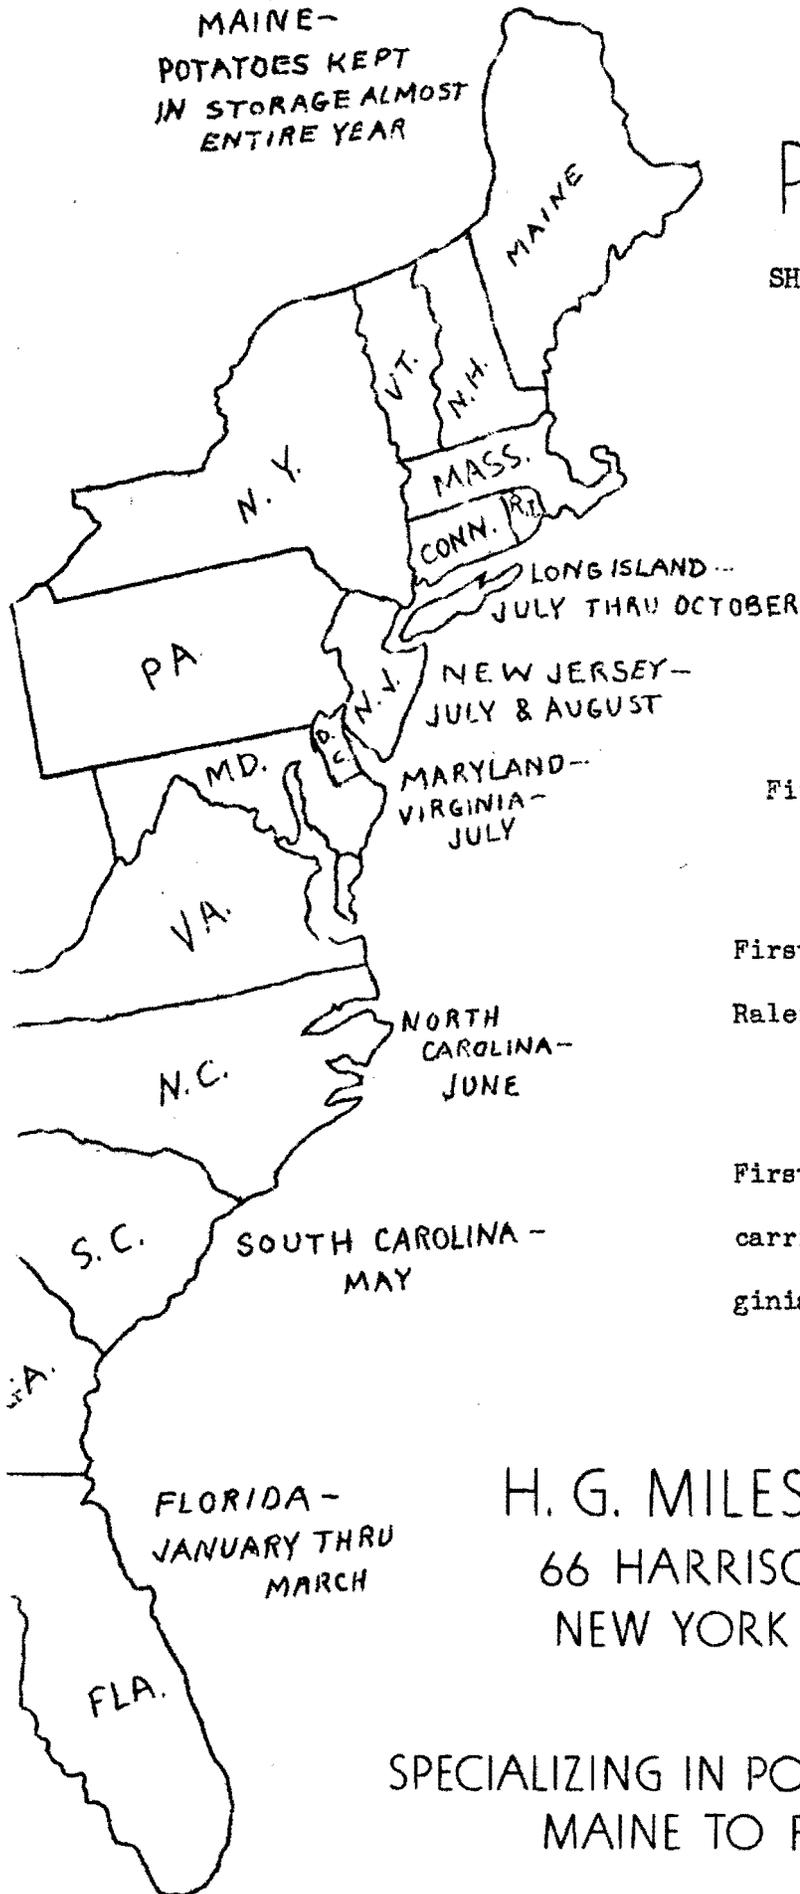

Yachting enthusiasts who wish to inspect the cruisers at close quarters may do so by being in the Port Jefferson Harbor Sunday afternoon. The cruise is scheduled to arrive in Port at three-thirty, but knowing the habits of yachts, it may be an hour or so later before they are all assembled.

At any rate the cruise should make a brave sight as it passes between Belle Terre and Wading River, one worth seeing.

#### FOURTH OF JULY AT SHOREHAM

Shoreham's 22nd Annual 4th of July Parade was as large and as noisy as ever. This parade on the Fourth was started 22 years ago by Mr. William J. Thompson, a former Shoreham resident, and carried on ever since by Mr. Alfred W. Varian.

After the procession had arrived at the Baseball field and settled, the baseball game began. The two teams were led by "Gilly" Frei and Jack Varian, the players alternating constantly to allow every one a chance to play. The game was played with a soft ball, as it was last year, so as to allow a greater and safer participation. Who won, we couldn't find out. No one seems to know.

The game over, the crowd strayed home to lunch (or rather to a very successful and opportune cocktail party at the home of Mr. and Mrs. F.O. Zenke).

In the afternoon at 2:30 came a variety of events, all of which were ably supervised by Mr. J. W. Haslett. They were tennis games, singles and doubles, exhibition badminton, bicycle and foot races for all ages, water sports and the annual hose contest.

The winners were:

- 35-yard dash - Edwin Barnhart 1st, Patricia Sherman 2nd.
- 70-yard dash - Robert Hughes 1st, Kenneth Thurber 2nd.
- Broad jump -(girls) Nancy Thurber 1st, Kathleen Susmann 2nd.
- Broad jump (boys) Buddy Sherman 1st, Edwin Barnhart 2nd.
- Broad jump (boys 11-15)- Robert Hughes 1st, Kenneth Thurber 2nd.
- Bicycle Race - Kenneth Thurber 1st, Robert Hughes 2nd.
- 25-yard water dash - Cornelia Van Arnam 1st, Edwin Dinnsen 2nd.

#### FOURTH OF JULY AT WADING RIVER

Perfect weather conditions and an efficient committee contributed largely to the pronounced success of the second annual Field Day and Gymkhana of the Wading River Field and Tennis Club held at the club field on the 4th of July. The games began at nine-thirty in the morning, and continued till six in the evening, with time out for luncheon. The day's activities were under the general supervision of J. Archibald Keillor, who was ably assisted by his family and a committee which consisted of Norman Bruen, George Hart, Wade Lapham, Edwin Lapham, Russell Meier and William E. Miller. Official judges were Mrs. Richard Reagan, Mrs. Albert M. Howell, Mrs. George Hart, Mrs. Selden Heatley, Mrs. Walter Lippmann, Mrs. J. Archibald and Mrs. Morris Markey. Captain Geo. H. Seeth was official photographer of the events, and was busy taking moving pictures which will be shown later in the season.

The winners in the field events were; Golf driving for women, Mrs. E.J. Kempf, Mrs. A.H. Jones; for men, George Hart, Paul Doane, William Miller; Archery, Halsey Gosman, Edward Bachman Jr.; Horseshoe pitching, Raymond Howell and Ronald Keillor Mr. and Mrs. Brantley Burcham. Gymkhana; Doughnut eating, Doris Culver, Myron Howell Helen Culver; Leading race, Myron B. Keillor, Halsey Gosman, Wesley Culver; Potato race, Selden W. Heatley, J.A. Keillor Jr. Doris Culver; Egg and spoon race for children, Ronald Keillor, Doris Culver and A.J. Keillor Jr.; Glass of water race, Selden W. Heatley, J.A. Keillor Jr., with Doris Culver and Ronald Keillor tied for third place; Pig driving race for children, Constance Bingham, and Sue Markey tied for first place. Foot sack race (for lead boys)

### GARDEN CLUB LECTURE

The lecture at the Belle Terre Golf and Country Club, delivered by Mrs. Grace Coyle last Monday, was the second in a series of lectures called an Exhibitor's Course, sponsored by the Belle Terre Garden Club. The lecture was well attended.

Mrs. Coyle's talk was entitled "Flower Arrangement". She spoke of many different things in the making of good flower arrangements, giving many valuable hints on the finer points of arranging. She talked mostly of Japanese arrangements, although she warned against too great a use of them, saying that one must taste in making variations. Line, suitability of container and analogous and complementary harmony were some of the other things she spoke on.

Eleven members of the Shoreham Garden Club were in attendance at the lecture. They were: Mrs. C. V. Pallister and her sister, Mrs. Wunder, Mrs. Randall D. Warden, Mrs. Bertha Frei, Mrs. John L. Hogeboom, Mrs. John W. Haslett, Mrs. Katherine Rudolph, Mrs. F. A. Koch, Mrs. Arthur J. Sackett, Mrs. R. B. McGahen and Mrs. Edward F. Stevens.

There will not be another Monday lecture at the Golf and Country Club until August 3rd, when Mrs. Charles Doscher will speak on "Shadow Boxes".

### LANDSCAPING OF SHOREHAM CLUB

Last Wednesday a Committee of the Shoreham Garden Club received representatives from several different nurseries, to look over the Club grounds (landscaping will include area between club-house and entrance pillars) in anticipation of a contract for its landscaping. The nurseries represented were the Swan River Nurseries, Oak Park Nurseries and Hart's Nurseries of Lynbrook. The men came to measure the grounds and decide on the fittingness of different types of landscaping architecture. They are submitting drawings and estimates sometime this week or during the early part of next week.

The Garden Club has already undertaken the general cleaning up of the Club grounds, and have recently placed two firs, in tubs, on either side of the club-house entrance, which adds greatly to the appearance of the building.

Call Shoreham 100 for the makings of a fine Sunday dinner.

#### PORT JEFFERSON TRICENTENARY PARADE

One of the bright spots in the Tercentenary Parade in Port Jefferson on July 11 will be Miss Kate Strong's old Surrey which has been specially resurrected for the occasion. The Misses Florence Sellenings, Lauraine Child, and Barbara Peck will attempt to depict their prim grandmothers in old costumes of varying periods - those small waists, and high crowns, and the plumes that tickled many a fashionable neck in the nineties. Mr. Leon Foster Jones hidden beneath a high collar, much whiskers and silk hat, and whip in hand, will drive the proud team, consisting of a farm horse which has been chosen with particular care for its ability to remain unexcited during mob scenes and band music. The possibility of another Belle Terre accompanying the carriage in the costume of a large hound of some fashionable breed has been seriously discussed, but earnest protest from Johnny and serious difficulties entailed in the costume has eliminated this added attraction. With no unprecedented activities on the part of the horse or carriage it ought to be a very successful "buggy ride". This entry is sponsored by the Belle Terre Garden Club.

Another entry in the parade will be the eighteen horsemen from the Wading River Field and Tennis Club. They will be joined by others from all the surrounding villages. Walter Lippmann will lead them as Parade Marshall. They will be dressed in white polo trousers and blue coats.

#### NO DOGS ON THE BEACH

The special attention of all dog owners is called to the rule which prohibits unleashed dogs on the Shoreham beach. This ruling is now in effect and will be strictly enforced throughout the summer.

#### TRIBOROUGH SPAN OPEN

The long heralded opening of the Triborough Bridge is scheduled for Saturday, July 11th. This structure, built at a cost of \$60,000,000, will be a great help to the many men in this vicinity who use their cars to go back and forth to their New York offices.

Incidentally, the Scribe, in the next issue, will print a map showing exactly how to reach Belle Terre, Shoreham and Wading River, and copies of this will be available, so that hostesses will be able to send it to expectant guests.

40-yard water dash: Robert Hughes 1st, James Hogeboom 2nd.

Diving: Robert Hughes 1st, Fred VanArnam 2nd. Cornelia VanArnam also 2nd.

The prizes, gold medals for the firsts and silver medals for the seconds, were awarded by Mr. J. W. Haslett at the Midweek Dance last Wednesday.

Those playing in the exhibition tennis games were:

Herbert Frei, Jack Kohlmann, Gilbert Frei, William Davis, Peter Walton, Junior Pallister.

Those playing in the badminton game were: Rosalie Anthony, Ann Waters, Janet Waters, Barbara Davis,

The Hose Contest winners were: Billy VanArnam, "Oats" Hagenah, Tom Hughes, Jimmy O'Brien. The wetted team were: Max Finn, Jack Hagenah, Don MacKinnon, Bob Oliver, Wes Oliver.

The winners were awarded the prize of ten dollars on the spot by Mr. Donald B. Upham who originated the Hose Contest to keep the young men of the village acquainted with the methods of fire-fighting. The prize was split up among the five winners as quickly as possible.

Florida	figures not available
California	" " "

In this country the growing of early potatoes for northern markets is an important industry as far south as Florida, but potatoes flourish best in climates that are just too cool for corn.

The world figures on potato production are so vast as to be almost meaningless, for it is impossible to form a conception of six billion bushels, which make up the world's average yearly crop. Nearly nine-tenths of the world crop is now grown in Europe. Germany grows about 30% of the world's production, Russia ranks second, what was formerly Austria Hungary third, France fourth, the United States fifth, the United Kingdom sixth, and Canada seventh.

The potato is about three-fourths water, the remainder being starch with small amounts of proteins and fats. The proteins are in a layer next to the skin and may be wasted by deep paring. The potato is valued as a carbohydrate food, for the starch cells of the potato, broken by cooking, yield starch in an easily digested form. Potato starch (akin to corn starch) and potato flour are also manufactured products. Dehydrated or evaporated potatoes are a more concentrated food than rice.

There are now perhaps a thousand well-developed varieties of potatoes, while at the time of the American Revolution there were only two, the red and the white.

### VISIT BY AIR

Mr. Edwin Wormald expects to fly over Shoreham sometime this coming Wednesday in a land biplane. He will come from Bennet Field in Brooklyn. From Shoreham, Mr. Wormald will continue on to Riverhead, where he will land and drive back to Shoreham to spend the day.

Mr. Wormald offers a ride to any of his Shoreham friends who will be in Riverhead - for the price of the gas.

To those thinking of having some letter-heads printed, see ad on page 10.

## BEETLE TOYS OF PEKIN

I was leaning back in my rickshaw gazing at the blue Pekin sky and holding my nose to keep from noticing the Pekin smells. The huge rickshaw coolly stopped suddenly and I looked down to see what particular type of garbage was there blocking the Street of Heavenly Delights. Instead of garbage it was a small mandarin lady three inches high made of paper, and she was moving!

"Heavenly Delights" I cried, "Stoppee". The coolly looked surprised then grinned sheepishly at the circle of chinese mothers and children as if to say, "Excuse my foreign Devil", and reluctantly lowered the shafts of the rickshaw to let me step onto the filthy street. Behind the moving doll squatted a small boy with a paper swan trimmed with crimson beak and wings. He released it and it moved after the mandarin lady. He grinned proudly at the this had on the Insane Foreign Devil. The whole circle then drew closer to see what would happen. Just then the swan bumped into a small Pekin cart of red paper and both fell over. Harnessed to the cart was a big black beetle longer and stronger than a June bug, and under the swan, invisible, was another fine beetle. The mandarin lady was still walking off in the dust, propelled by yet another unhappy, but efficient insect —along the Street of Heavenly Delights.

The mechanical toys of the Orient--! But for the sake of 100% American beetles I hope little U. S. will be content with machine propelled toys.

Ruth Knudsen

Overheard on the beach: "I'm going back to Jacksonville for the summer, it was only 78 there yesterday."

## RECIPE OF THE WEEK

### California Chicken

Cook about three stalks of celery, three or four carrots, two or three potatoes ( all of which are cut in 1 inch pieces ) until almost soft, then drain off water and set aside. Take one can of peas, drain off liquid and use with a cup of milk to make a thin white sauce. Take a can of tuna fish and in a greased casserole put a layer of tuna fish, then a layer of cooked vegetables and some peas, continue to do this until all has been used up, then pour the white sauce over all and sprinkle with bread crumbs. Bake until crumbs brown or sauce starts to boil.

### IT SUNK

Mr. John Williams of Belle Terre asks the Scribe not to print the fact that his 27-foot sailboat sank in the Port Jefferson harbor last week - because it wasn't supposed to have sunk!

### SPEAKING OF THE WEATHER

It was hot here, but we are proud to report that the outside world was much hotter. Much body-dunking was done off shore, and one Shoreham matron parked herself at the water's edge washing in and out with the tide, thereby starting a fashion which became very popular along about Friday afternoon.

This was over-heard at the Shoreham Country Club parking place--

Sweet young matron: "Did you shut the windows of the car, Darling?"

Hubby: "Why no."

Sweet young matron: Don't you think you'd better? One of those rabbits might get in."

#### WEDDING PRESENT

Mr. and Mrs. George Edward Beatty, newly wed couple in Shoreham, were the recipients of a wedding gift from the members of the Shoreham Country Club, presented to them during the Club dance last Saturday night.

The present was a complete surprise to the Beattys. The orchestra suddenly stopped in the middle of a popular song and began playing "Here Comes the Bride", to the astonishment of the newly-married couple, who were dancing in the middle of a crowded floor. The other dancers immediately withdrew to the side of the room leaving them dancing alone in the center. Mr. J. Thomas Miles then presented the gift as a present from the Beattys' fellow Club members. After the general call, "SPEECH", died down, Mr. Beatty, in a few words, thanked his friends.

#### SUNDAY EVENING SONG SERVICE

The weekly Sunday Evening Song Service at the Shoreham Country Club will be led this Sunday by Mr. John W. Haslett. The service will begin at 8:00-or should. Those attending are asked to be more prompt this week if possible.

#### BOYS BREAK INTO WADING RIVER SCHOOL

Last Tuesday the Wading River Elementary School was found to have been savagely looted. The library room, used as a storeroom for school materials, was found littered with broken boxes of colored chalk, books and paper. Everything that could be marked up held marks in colored chalk. All movable furniture was turned up-side-down, and the contents of the desks scattered about the floor.

Mr. Clifford A. Rowley being notified summoned Mr. Thomas Walker, Chief of Police of Riverhead, who with a fellow police officer, arrived to look over the damage. The police have been awaiting absolute proof before arresting several suspected boys.
